# Habiba Eid
## Front-End Developer

 Matrouh    ✉ heid3424@gmail.com    📞 +20 1146397960    in Habiba Eid    ⌂ HabibaEid2

## Summary

I am looking forward to working for a leading organization where I can gain practical experience, passionate about staying updated with the latest web development trends and technologies. Ready to contribute to a dynamic team in delivering highquality, responsive website and web applications.

## Education

| MAU | **Matrouh University**, Computers and artificial intelligence | Student in third year. |
|---|---|---|

## Projects

**E-commercel**

Used HTML, CSS, JS, React, Redux-toolkit, react- bootstrap and GoogleAuthProvider from @react-oauth/google package to allow customer login with google.

Demo.

**Portfolio**

Used HTML , CSS , JS , React ,bootstrap and vite that make website 10-100x faster than noraml andusing @emailjs/browser package to send message with gmail permission.

Demo .

**To do list**

using HTML , CSS , JavaScript and react to create this app , you can add new list and each list has its tasks and you can change color of text and the background image as you like.

Demo.

**Register-page**

Used HTML , CSS , JS , React and react-bootstrap to check the authorization of the user, when register the product page will be allowed else it going to be an error page.

Demo.
